Carisbrooke Road, Newport PO30 1BU

At four addresses in Carisbrooke Road, Newport, we provide safe accommodation for adults with mental health problems who have a continuing need for support.

Residents are supported by a team leader, senior support worker and 10 full-time support workers. Staff are available 24 hours a day – although there are no staff on site at Hazel House, our low-need hostel.

All residents are encouraged to be as independent as possible, but can be assisted with budgeting, form-filling, social and daily living skills.

St Philbert's offers a respite room for people with a history of mental illness who are suffering a crisis that is not serious enough for hospital admission.

We welcome residents from all sections of the community.

Schemes for adults with mental health problems

South Wight Housing Association provides accommodation with shared facilities for more than 60 adults with mental health problems, at seven addresses on the Isle of Wight.

To be offered a place, a prospective resident must be referred to the scheme by one of our partner agencies, such as social services or the NHS, before being assessed.

Residents sign up to an occupancy agreement and work with us to draw up a plan of the support they will receive while living at the scheme. The cost of this support is met by funding from the council's Supporting People budget.

We provide staff at the schemes for 24 hours a day and seven days a week. Their job is to:

- help residents manage their occupancy agreements
- promote independence
- encourage personal safety
- help residents manage their finances, including claiming benefits and paying their rent
- improve residents' domestic and social skills
- work to find permanent homes for residents to move on to
- encourage residents to get involved in scheme activities
- involve other organisations that have resources to offer our residents.
