Hostels for young people

South Wight Housing Association provides accommodation with shared facilities for more than 20 young people aged between 16 and 25, at three schemes on the Isle of Wight.

To be offered a place, a young person must be referred to the scheme by one of our partner agencies, such as social services, before being assessed.

Residents sign up to an occupancy agreement and work with us to draw up a plan of the support they will receive while living at the hostel. The cost of this support is met by funding from the council's Supporting People budget.

Staff are available 24 hours a day and seven days a week. Their job is to:

- help residents manage their occupancy agreements
- promote independence
- encourage personal safety
- help residents manage their finances, including claiming benefits and paying their rent
- improve the young people's domestic and social skills
- help residents find permanent homes to move on to
- involve other organisations that have resources to offer our residents.
