Dear Gainsborough Studios Resident,

Gainsborough Studios: Update on Southern Housing Group's Joint Funding Application

Further to our [most recent communication](#) regarding the short delay to the consideration of our Joint Funding Application, we would like to give you a further update.

We understand that the funding board met yesterday (24 March) and that our application for funding was reviewed. Although we are still awaiting formal confirmation in writing of the decision made by the Board, early feedback is that the discussion was positive, and as a result, we remain hopeful that our application has been approved.

As soon as we get formal confirmation we will update residents and the [project microsite](#).

Yours sincerely,

The Gainsborough Studios Team
