**Works to erect external scaffolding – change of date**

Further to my previous correspondence regarding the engineering works being carried out in your building by the contractors appointed by Barratt PLC, I am writing to inform you that this stage of work is due to be completed on Friday 18 June 2021.

This means that the allotted time for the erection of external scaffolding has now changed. The new contractor, Ardmore, will begin setting up on site and receiving deliveries on **Monday 21 June 2021**, with the physical erection of the scaffolding expected to commence within two weeks of this date.

This will, in turn, slightly delay remedial works beginning on the external walls, for which we would like to apologise.

We kindly request that you keep all corridors and balconies clear during this time, so that the work can begin promptly and effectively. If storage of items is an issue, please let us know using the contact details below.

As ever, if you have any immediate questions, please do not hesitate to contact us by email: [eastgate.info@shgroup.co.uk](mailto:eastgate.info@shgroup.co.uk).

Yours sincerely

Suzanne Horsley
