**Work by Barratt PLC at Eastgate building**

Further to the letter you received last month, I am writing with a brief update on the works being done in your building by the engineers appointed by Barratt Plc.

I am pleased to confirm that the initial testing has been completed and the results are being assessed by Barratt Plc and their specialist team. We expect to receive more news about the investigations and any remedial work that might be needed in the next few weeks. Southern Housing Group is, of course, in close contact with Barratt Plc's project team and we will be working with them to ensure residents are not disrupted any more than is necessary.

**What about the external wall system work?**

In the meantime, you may have noticed that works to the undercroft car park have now started. Once these have been completed the work to erect scaffolding ahead of progressing the work on the external wall systems can commence. So far, this work is still on track.

**When will I know more?**

As soon as we have more news about the work being done at Eastgate I will write again. I expect this to be within the next four weeks.

In the meantime, if you have any immediate questions, please do not hesitate to contact us by email: [eastgate.info@shgroup.org.uk](mailto:eastgate.info@shgroup.org.uk).

Yours sincerely

Suzanne Horsley
