

## Transfer List Application

Please select at least one of the below schemes from the list and add this to the bottom of page 4 on your application form. If we do not have this information, we cannot add you to our transfer list.

If the area you are looking to move to is not on the below list, then we do not hold a transfer list for this area. You will need to register with the local council or look for a mutual exchange in order to move, you will not be accepted onto the transfer list for any area that isn't listed below.

Most of our empty homes have to be offered to people put forward by the Local Authority. Only some of our vacancies can be offered to residents on our transfer list.

How long you wait will depend on the sort of property you need and the areas you want to move to. If no suitable homes become available, we may never be able to make you an offer of a new home.

Area	Local Authority Area	Property Size
<b>Crawley</b>	Crawley Borough Council	All
